RIOTING AND THE TARIFF.

In the heat of the excitement over the Pittsburg riots, a good deal of the trouble is ascribed to the tariff, were there no protective tariff the Carnegie works would be in the Old World. The cause of low wages is the supply of workmen, exceeding the demand.

The cause of the excess of workmen is the influx of foreigners into the United States.

Foreign immigration will continue to reduce the wages of American workmen until the gates at Castle Garden are closed down.

The big manufacturers take advantage of the situation and let their work to the lowest bidder.

Thousands of idle men walk the streets hunting for a day's toil that they may supply their wives and little ones with bread. These men will work for any wages that are offered and when they go to secure employment they find thousands more in the same boat.

The manufacturers, take advantage of the situation and the men pressed with hunger sign a wages scale which barely enables them to live.

With all of the foreigners in this country back where they came from, there would be no labor strikes in the United States.

Bismarck, the greatest politician Germany ever produced, and to whom belongs all the glory due for the unification of the Empire, will hold a more respected place in history and the hearts of his countrymen if he will allow the sun of his brilliant life to sink to a peaceful horizon. He can really gain nothing by his bitter attacks upon the present Emperor, who, although a weak, childish man, is still the Emperor, while under the very laws that Bismarck helped to solidify, the latter is nothing but an ex-Statesman on the retired list. If the old iron Chancellor keeps his mouth shut he will be in a position where no act of the present government can rob him of his fame.

The Walker Lake Bulletin says the remonetization of silver would enhance the value of property in Nevada 50 per cent., and yet there are men who urge the people to vote for one or the other of Wall Street's candidates. Of course, they have a selfish motive for doing so. It is neither Republican nor Democratic to vote against the interests of the State.

Farmers and ranchers, you are in this struggle against wrong and oppression. Your chief market is at home—in the mining region. Close down the mines and your home market is destroyed. The election of Cleveland or Harrison means serious trouble for all the agriculturists of the mountain States.—Denver News.

U. S. District Judge Ross has rendered a decision in the case of U. S. Deputy Marshal Marsh, holding that the fact that he is a U. S. Marshal in the performance of his duty does not exempt him from the provisions of the State law. This is reversing the famous Nagle case.

The question agitating the Ormsby county Republicans now is, who is going to boss the county campaign this fall? The question is who of the old bosses will the voters make the least kick against. Each man thinks that some of the other fellows ought to be shelved.

The Silver Bill has gone to the Coinage Committee, where it is certain of a favorable report. The entire Presidential fight hangs on this measure, and more than one politician is sweating blood in consequence.
